“ The best programme I had ever enrolled till date, the best part of this 10 day challenge is that you are being supposed to sit in the same time slot as the main paper is being conducted, and that too these things are free or at very low cost, and the quality of paper is too good similar to upsc level, I am being the civil services student, I know how much does coachings cost just for test series but the hemantra coaching I got recommended by my friend and this is the best coaching I found till date. ”

“ 10 days challenge by Hemant sir is just amazing..... It's not only about tests and analysis.... But the positivity and right path he is directing to us during the most stressful time (the last 20 days).... My days became more productive after joining it.... Tests and analysis helps me to complete the paper on time.... Checking is also good....you'll get to know your constructive criticism.... Also sir is so polite, we never have to think twice before asking any doubts.... Thankyou sir for this wonderful challenge....it's really working for me 😊🙏 ”

“ I've joined the free initiative of hemant sir i.e, 10 days challenge for CAPF 2026. Although i attended it for just 3 4 days, i got great benefit from that, i'm not sure as of now about how much i have scored in paper 1 but the aptitude that i developed in those 3 4 days of attempting both papers with exam like simulation was a great experience & helped me in completing my paper 2 in time. Thnx a lot sir, and also sir your current affair marathon is a great hit & i've just watched it for once & got many questions correct from that video itself without even referring to the pdf. Thanks a lot sir for ur efforts. ”
