I've had a great experience learning under Sir. He is always available online to guide and support, which makes a huge difference when you're preparing seriously. All you need to do is trust his process—follow his instructions sincerely, and you'll definitely see progress toward your goals.

What stands out the most is his dedication and consistency. He doesn't just teach, he ensures you stay on track. And above all, he is a very kind-hearted person who genuinely cares about his students. 😊👍

I am from South... But I followed hemantra sir's mains videos for competitive exam... And cleared mains.. So I confidently enrolled in interview programme... Even though I am South it was easy for me to keep up with the phase. I felt confident after attending his classes.. And participating in interview guidance programme... Mock online interview with one of the panel member helped me. To identify my weak area which was really helpful in actual interview.. It is a dedicated platform where so much effort is put in to help each and every candidate... These words are from my heart...

It was my 1st interview and I was completely unaware of what to do, how to answer, how to stay confident, etc. I was so much worried at first, then I joined Hemant Sir's Interview Guided Program and trust me I did very well in my interview. Thanks to Sir for his guidance.

You

Dear Ma'am/Sir,

First of all thanks for ensuring the smooth conduct of the interview to Team Hemantra....🙏👍 You have been spot on as always.

Talking about the interview; it felt thorough and concise. Sir tried to test OLQ and Situational awareness through the questions which were subtle and tested ethical dilemmas precisely. The interview was focused more on personality rather than any fact-check; which I personally liked the most. Overall, sir ensured that I got tested on all aspects of my DAF. 🙏👍

Rating: 8.9 ★

I request the team to not release video ever on any public platform even after selection so that any issue regarding breach of confidentiality doesn't arise in near future. Thanking in anticipation 🙏
